

Employer Care Add-On: Nice Healthcare

Nice Healthcare is care that meets your employees where they are – literally. They offer virtual care, as well as home visits (or even meeting them at your office).

Why I recommend Nice Healthcare:

- It's an integrated primary care clinic that treats nearly all everyday healthcare needs of your employees and their family members - from their home, office or wherever is most convenient for the employee, including virtually.
- One-stop care for:
 - **Primary Care** – in-home and virtual care plus free labs and x-rays
 - **Mental Health** – video visits with licensed mental health therapists
 - **Physical Therapy** – video visits with licensed physical therapists
 - **Prescriptions** – Standard Rx plus over 550 free meds
- They'll provide physical exams, rapid tests, blood draws, labs, imaging, and more at home, office, or elsewhere
- Provide help with scheduling, prescriptions, referrals, care coordination, and more
